WASHINGTON IS HERO IN SCHOOLS

Ex-Senator Frazier Addresses Central High Body-Junior High Has Program.

Washington's birthday was approwashingtons briday in the prizely observed Friday in the schools. At the Junior High school the presentation of the Junior Red Cross chapter flag was a special fea-

This school was the first to secure a charter into the senior Red Cross. The flag, which was designed and made by Miss Ernestine Daniels, of made by Miss Ernestine Daniels, of the domestic science department, is of white satin back ground, with a large red cross and blue letters. Charles Peacock, of the manual train-ing department, designed the letters.

ing department, designed the letters.

The flag, carried by James Douglas and Charles Boise, presidents of the seventh and eighth grades, respectively, was presented to the school by Clifton Cooper of the ninth grade. Owing to the absence of Commissioner Huffaker, Gen. Whitaker received the flag. At this moment the student body stood and sang "The Junior High Red Cross," composed by Miss Clara Whipps, physical director of the school.

of the school.

Rev. W. P. Eastwood, paster of the Ridgedale Methodist church, conducted the devotional exercises, Patriotic songs—"The Marsellaise," "Battriotic songs—"The Republic," "America" ducted the devotional across trictic songs—"The Marzellaise," "Battle Hymn of the Republic," "America" and "The Star Spangled Banner"—were sung by the pupils of the school. Prof. N. C. Carr, principal of the school, gave a short talk, after which he introduced Gen. M. N. Whitaker,

gen. Whitaker spoke on the importance of the co-operation of the school children in the Red Cross, and urged the children to save their penand buy thrift stamps. interesting meeting was also at the Central High school Fri-

PLAN TO BUILD COTTAGES FOR OFFICERS' FAMILIES

Tentative plans were outlined by Miss A. Marie Macpherson and her committee to architects and contractors, at aer office in the James buildtors, at her office in the James building, last evening, for the construction of houses for army officers and their families, to be built for a rental of about \$15 per month. The plans were taken under advisement, and the taken under advisement, and the question of financing the proposition, together with various other lines, such

pennies and hung on the tree. A program was given by Miss Margaret Sprague, Mrs. C. W. Sprague, Miss Lillian Jewell and Miss Ida Co-"EVERY CHILD'S BIRTHDAY" SPECIAL EVENT AT VINE STREET ORPHANAGE

Initial Observance Friday Afternoon in Unison With That of Washington's Birthday-To Be Annual Custom-Unique Origin of Plan.

"Every child's birthday" was cele-brated at the Vine Street orphanage Friday afternoon in unison with Wash-ington's Birthday. The event will be-gin a permanent annual celebration, based upon a single incident. A small boy who was admitted to the home a short time ago said his only objection to going there was that there would be no more birthday parties!

every child's birthday cake.

Seated at the table, each child donned its paper cap and was permit-ted to open its gift before being served with the delicious ice cream and soft chocolate fudge.

And such an array of gifts there were! Tiny la vallieres on ribbons, to going there was that there would be no more birthday parties!

no more birthday parties!

"Mother" Reed took up the matter with the board, and together they devised a plan by which no child should have it said that his or her birthday was not fittingly celebrated each year during the residence. The unique plan of a general celebration met with a hearty response.

Whereupon the board appointed Mrs.

Whereupon the board appointed are.

Tom Selman chairman of a committee
to arrange the splendid festivity of
Friday afternoon. Mrs. Selman's coworkers were the following ladies;
Mrs. G. D. Andrews, Mrs. Z. C. Patten,
Jr., Mrs. O. B. Andrews, Mrs. W. E.
Anderson, Mrs. George Patten, Mrs.
Newton Logan, Mrs. M. P. Kenny, Mrs.
Frank Logan,

Frank Logan. A large contribution was made among the friends of the organization, as well as the board itself, making possible the undertaking.

Edwards & LeBron gave some stun

Edwards & LeBron gave some stun-ning little caps, many bearing patri-otic-looking French rosettes. Two young lady employes of this store sent to "Mother" Reid for the sixty-five names of the kiddles, whose ages range from 2 to 16 years, and contributed sixty-five appropriate gifts, each done

Mesdames Tom Selman and W. E. Anderson baked a beautiful birthday cake nearly two feet in diameter, adorned with sugar flowers in red, white and blue sconces bearing sixty-

five lighted tapers.

The long kindergarten table from the school room occupied the center of the room, with a smaller circular ta-ble for the babies at the other end. The gifts were arranged at each place, and the three tables bore potted hya-cinths in the patriotic colors, alternatng with dishes of mints and bonbons.

The Order of the Day. The children were assembled in the school room and marched into the sun parlor, circling the round table, whereon stood in all its gorgeous beauty

MISS LOUISE HARRINGTON

And such an array of gifts there were! Tiny la vallieres on ribbons, books, dolls, walking animals, toy pistols, until every child's heart was made glad and faces fairly beamed their happiness! Then the big birthday cake was divested of its flowers and cut into a great many slices so that every one received a generous helping.

There were several visitors present all entering into the zest of the occa-sion. Following the birthday lunch-eon, the little folks were reassembled in the school room until the sun par-lor was cleared for another activity. Then, to the music of the victrola, games began. The fun was enjoyed until a late hour in the afternoon, the older girls pinning tails on a donkey, and the younger ones at ring games. Members of the board played with the children.

Three little daughters of the board-Billie Anderson and Augusta and Katherine Allison—were among the most interested entertainers.

No one seemed to more thoroughly enjoy the occasion than "Aunt" Laura, the faithful housewoman.

Of the large crowd of children in th the celebration—a little girl convales-cent from a mild attack of mumps in the hospital. In all this throng only one case of illness!

The carefully planned orphanage was replete in gala attire. All rooms were thrown open and visitors were ac-corded a view of its appointments, from the cemented cellar to the baby nursery upstairs.

adjacent back porch roof floered screened and inclosed so the babycontingent may have a roof garden free from weather and mosquitoes.

as selection of sites, questions of fur-nishing, etc., were considered. An ad-ministration building and eight cotages is the suggestion which seems meet with the widest approval, the same to be built on ground in the proximity of Fort Oglethorpe.

CHANDLER SAYS GIVE **EVERY BOY TWO SHEEP**

Possibilities for Wealth Lie Dormant; Only Need Grasping-Country Needs Wool.

C. L. Chandler. South American agent here for the Southern railroad, is enthused over sheep raising. Discussing the possibilities here, he pointed out that Tennessee stands twenty-second among the manufacturing states in the Union. but that it could be second. "Hides and wool lost in the United States last year aggregated a loss of many thousands of dollars," he said, "and our people are spending annually enormous sums to import these products that could be very well taken care of here." Mr. Chandler said that in 1851 the sheep from the Cumberland valley in the United States brought first prize at the first exhibit in London, England. "United States today stands fourth in wool production." he said, and then indorsed this novel plan: "Give each bey and girl two sheep, and they could soon place the United States as first wool-producing country in the world. We pay between \$50,000 and \$40,000 a year for wool.

world. We pay between \$50,000 and \$60,000 a year for wool.

Mr. Chandler expressed his pleasure that Mr. Bigelow, of the Wool and Textile Association of Philadelphia, had been to Chattanooga to create interest along these lines. "We need more sheep, we must have more sheep, and we had just as well commence now, for it is a thing to come," he emphasized. Mr. Chandler quoted Hindenburg, who said: "The people are mightier than the sword, and every boy who raises a sheep is doing a patriotic service."

Substantiating his position that exceptional opportunities await the sheep

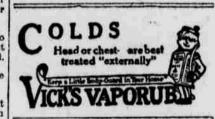

tional opportunities await the sheep raiser, Mr. Chandler produced the fol-lowing extract from an address made by manufacturer in New York recently:

"We might say, generally, that our wool production in this country has gradually decreased. We now have about 40,000,000 sheep, and for the past two years we have been sending about 10,000,000 annually to the stockyards. Wool has been raised in the largest is and has been raised in the largest quantity in the ranges of the west. This land is gradually being restricted by the land being taken up for farming purposes. We then face the problem of smaller production from this source each year. The farming community in the closely settled sections are raising a smaller amount of weed such year. smaller amount of wool each year. Uning our supply we shall have less wool, not more. We must offer the ordinary not more. We must offer the ordinary farmer and the large wool grower an inlucement to increase production or force

it by legislation.
"Our production of wool is now about 250,000,000 pounds. Of late years we have imported about 300,000,000 pounds. The needs of the government for war purposes this year will be from 150,000,000 to 250,-000,000 pounds. "We have in round numbers about 500,-

000,000 acres of land under cultivation, and 5,000,000 farmers. How can we utilize what we have to make our wool produc-tion equal to our needs?

"I addressed a letter to President Wil-son some time ago proposing that in order to increase our wool supply we ought to stop this slaughter of sheep and lambs during the war. My suggestion to the president was that every farmer, dependent upon the circumstances, should be compelled during the war, and for a long time after the war, to carry a certain number of sheep. In a few years our production will be equal to our ordinary needs. No doubt a minimum price would have to be established. This, of course. is a war feature. Until our supply is ample for ordinary times everyone would benefit from this condition. After that, production would without doubt be regu-
